PRE-SPORT

It has been forgotten that academic learning and sports education have always complemented each other. They resemble the two sides of the same coin; the qualities of the leadership, sharing, team spirit and tolerance are all learnt from the concept of participating in sport from an early age. Sport releases feel-good endorphins which elevates the mood. A positive mood assists in the chance of performing well in other fields such as education because there is peace of mind that allows greater concentration. In this range you will find colourful, cost-effective equipment that will start any pre-sport journey with a positive impact.

PRECISION FOOTBALLS

Precision's football range is all encompassing, with a product for every pitch - whether it's indoor, outdoor, hard ground or soft - we've got it covered. Choose match balls, training balls or speciality options and you can rest assured that they all carry the same exceptional quality our brand is known for. Our innovative Fusion range is suitable for Championship, International and FIFA-approved levels of competition.

Balls shown with the official 'FIFA Quality', 'FIFA Quality Pro' and 'IMS' (International Matchball Standard) logos have satisfied FIFA's Quality Assurance programme, which assesses criteria such as weight, circumference, roundness, bounce, water absorption, pressure loss and, in some cases, shape and size retention.

Football made to International Matchball Standard (IMS) deliver heightened consistency, strength and water repellence; reliably performing to the highest standards for longer.

Precision's IMS footballs combine stitched and wound-bladder construction. This leads to better shape retention; more accuracy in flight; and greater power and speed. What's more, they require less re-inflation than alternative balls.

Choose an IMS football from Precision, and you can rely on superior performance in the most varied of playing conditions and temperatures.

MATCH BALLS / FUSION

The Precision match ball collection is the pinnacle of integrity and durability in this specialist sports sector. With an innovative combination of machine-stitched and glued seams, these balls offer a formidable barrier against water absorption. We offer high quality match balls to meet your needs in FIFA Quality, FIFA Quality Pro and IMS variants.

Our match balls consistently hold their shape during the most unforgiving match conditions, ensuring reliable performance throughout. Long after you've taken the wind out of the opposition's sails, your chosen Precision match ball will still be pumped up and ready to play.

Six colourways are available, with striped panels and piped detailing highlighted against a solid colour background.

VOLLEYBALL & DODGEBALL

Volleyball, a court game in which two teams hit a soft beach-style ball only with their hands backwards & forwards over a high net. Ball hits the floor, the team gets a point! First team to score the maximum points wins... Dodgeball is slightly different with the main objective being to eliminate all members of the opposing team by throwing the ball at them. Players must dodge the ball to remain in the game and the team who manages to eliminate all of their opponent's first are deemed the winners! Check out the full range of balls today...
